IDEALS

Chartered by the State of Indiana in 1889, opened in 1891, St. Joseph's continuous objective has been to educate the whole man, morally and intellectually. Temporal pursuits are not excluded but are molded and perfected by the spiritual. Catholic Action is stressed. Among the members of the faculty and the students, a helpful association is fostered to encourage the student personally in his work, to guide him individually as a friend, in order to develop a man of staunch Catholicity, of active leadership, of sound scholarship, a loyal son of Church and State.
